

# Inosym Reels

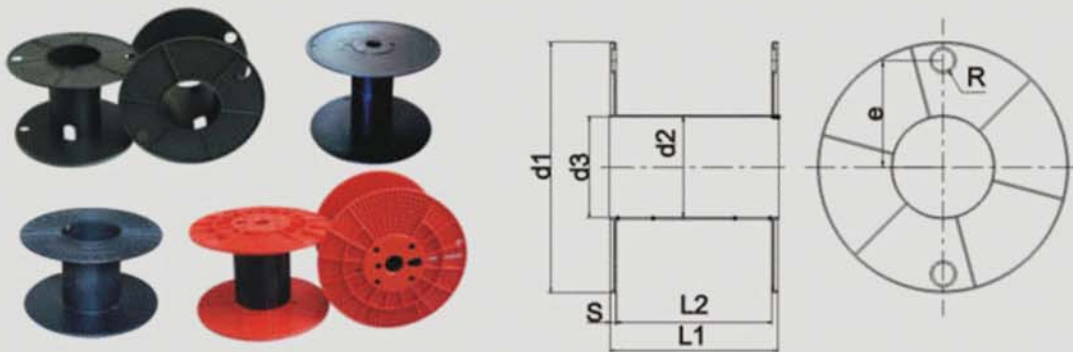

## PL cable packing/delivery spools

These reels are the cost effective and environmentally sound alternative to wood and steel dispatch reels available in designs, materials and sizes to meet customer needs.

### 【Unitary structure PL spools】

PL89-405

These reels are designed for packing and delivering a variety of wire and cable products including electrical, coaxial and fibre-optics.

| Item | Type    | Structure       | Material | D1  | D2   | D3        | L2      | L1      | S   |
